## WORK EXPERIENCE

### Cloud Developer
#### Global Technology Solutions Inc.

*05/2023 - Present*                    *Grand Junction, Colorado (Remote)*
*IT Services and IT Consulting*

*Achievements/Tasks*

- Extensive work with AWS APIs and SDKs such as amazon-connect- streams and boto3 in development of applications
- Worked with libraries and frameworks such as React, Angular, and Redux to create easy-to-use CRM applications to be used by agents and supervisors
- Responsible for relations with customers, management of time, and architecture of applications with projects I am working on

*Contact : Micheal Tacker  - 970-201-9412*

### Cloud Developer
#### Aspen Technologies LLC

*05/2021 - 05/2023*                    *Grand Junction, Colorado (Hybrid)*
*Cloud Consulting and Automation Company*

*Achievements/Tasks*

- Used ReactJs to help deliver interactive agent desktop apps that allows for agents and supervisors to more efficiently monitor and manage call centers from one app
- Frequently integrated frontend apps with Lambda and DynamoDB backends using API Gateway, deployed through CloudFront
- Created rich real-time and historical metrics dashboards using technologies like Quicksight and Kibana allowing clients to better visualize implemented savings and monitor solutions post deployment
- Gave demos and negotiated with clients to establish requirements and desired outcomes to deliver upmost customer satisfaction
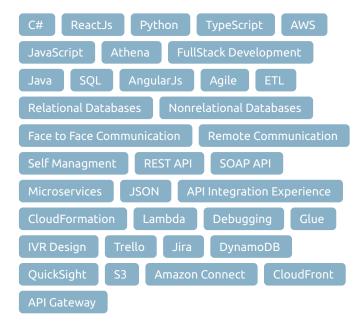

*Contact : Dax Hurley  - 970-201-2270*

### Software Developer
#### Tata Consultancy Services

*08/2020 - 05/2021*                    *Grand Junction, Colorado (Remote)*
*Multinational Information Technology Services and Consulting Company*

*Achievements/Tasks*

- Developed fullstack apps using AngularJs frontends and Java SpringBoot backends coupled Apache Tomcat servers
- Efficiently self-managed project tasks while at working remotely from home
- Coordinated with groups of 5 to 10 people remotely and to complete projects and deliver products to the client
